I just got the other drug cert. The lab case number is [REDACTED] You are both listed on the cert. I'm sorry to ask, but is there any way I could get the discovery packet faxed over to me? I have to provide this to defense counsel ASAP. My fax number is 781-897-6676. Thanks.

Hi Dan. I don't have a problem being on-call for you next Monday. I would guess it would take about an hour to get changed and drive up. We would need to know the other lab number(s) ahead of time if you want us to testify to them so we can pull the data. I can be reached at the main lab number (617-983-6622) or at my extension in the lab (617-983-6630). Let me know if you have any other questions. Thanks.

Good morning:

I just wanted to touch base with you both about a trial we have scheduled for next Monday, February 6th. The defendant's name is [REDACTED] The lab case number relative to the trial is [REDACTED] There was a mix up with the drug certs given to us by the police relative to some uncharged purchases. Arlington PD is looking for an additional drug cert, so I may ask you to prepare to testify for another cert (assuming that you both tested that one as well). I believe that you may have because the other cert I received for an uncharged incident was tested by you both (for reference lab # [REDACTED]).

Please confirm whether you are both still available for this trial. Also, I assume that you will want to be on call for this trial. If so, please let me know the best phone number to reach you at, as well as, an approximation for how long it will take you to get to the Cambridge District Court in Medford (full address below).

Please let me know if you have any questions or concerns.

Thanks,

Dan
